

They say that in the western half of Kansas alone at least 20,000 horses have died of cerebro spinal meningitis. This they say has made a direct loss of \$2,000,000 in horses. The indirect loss, particularly in farm work, on account of the scarcity of horses, they estimate at twice that amount.

Doctors Webster and Schoenleber say that this disease now is known to exist in 75 of the 105 counties of the state.

PLAYFULLY POINTS BETTER PRICES ARE GUN; SISTER IS FATALLY HURT

Mildred Peterson Hovering
Between Life and Death;
Bullet in Abdomen

Youth Pulls Trigger of Gun
Supposed to Be Empty;
Operation Performed

"I'm going to shoot you" cried Carl Peterson, 19-year-old son of Oscar Peterson, a well-to-do rancher residing near Kingsburg, yesterday afternoon and raising a 22 caliber rifle to his shoulder, he pulled the trigger, a bullet whizzed through the air, falling his sister, Mildred Peterson, aged 8, who stood about a hundred feet from her brother. The little girl now lies in the Burnett sanitarium in this city in a precarious condition with fifteen punctures in her intestines. Very little hope is held out by the attending physicians.

According to friends of the sorrow stricken family the shooting was the same old story. The gun was not supposed to be loaded and was pointed by the little boy at his sister in jest and the trigger pulled, never thinking that the gun might contain a cartridge.

The brother and sister were in the best of spirits yesterday afternoon and friends claimed that the shooting could not possibly have been the mad act of the little boy. He passed by his sister with his gun, who was stooping over playing in a pile of sand, when the boy had walked away one hundred feet, he turned around, and with a boyish smile on his face, little dreaming of the sorrow that was about to bring on his shoulders and those of his parents, he slowly raised the rifle to his shoulder and while his sister gazed at him in horror, he said, "I'm going to shoot you" and before his little sister could answer, he had pressed his finger to the trigger, fatal accuracy carrying the little leader ball to its target.

The bullet struck the girl in the middle of the abdomen and she fell forward into the pile of sand. The frightened brother was one of the first to reach his wounded sister's side and as he knelt to the sand, his parents came from the house attracted by the report of the gun.

The little girl was carried into the home and Dr. John A. Gillespie of Kingsburg was called. He attended the child at the home and had her brought to Fresno last night. She was immediately removed to the Burnett where an operation was performed by Drs. J. L. Maupin, Harry Craycroft and Gillespie. Dr. Maupin stated at midnight that the little girl was suffering from the shock and the wound and that her chances for recovery were very small.

The distracted father and mother came to town with their wounded child.

ROUGH SCALY SKIN

LITTLE PATCHES THAT PEEL OFF
AND FORM AGAIN

Try this Remedy at Our Risk.
Most skin diseases are eruptions accompanied by itching. But there is another kind in which small patches of scales appear and fall off, followed by another crop. This may spread all over the body and become almost incurable.

A soothing application of Saxo Salve, our new skin remedy, should be made. This is very healing and penetrates through the outer layer of skin to the very seat of the trouble, destroying the germs.

Treated in this way, as directed by the book in the box, the scaly patches disappear and are replaced by smooth healthy skin. Saxo Salve is wonderfully healing and soothing in all forms of skin diseases, eczema, hives, itching, singworm, etc., and we guarantee it to satisfy you, paying back your money if it does not. Monroe Drug Co., Fresno, Cal.

Will You Eat Today at Quality Shop?

If you want a place where you can secure something that is refreshingly, dainty and delicious, something that is a little different, you will eat at the Quality Shop.

More and more people are forming the habit of eating there for the dainty little lunches and the neat and clean surroundings make everything so appetizing that it is greatly enjoyed.

BETTER PRICES ARE EXPECTED THIS WEEK

Fifty-Five Cars Shipped
Out Yesterday; Expect
Rise in the East

FRUIT SHIPMENTS

Shipments reported yesterday 2,331. Shipments yesterday 55. Total to date 2,386. Green fruit shipments out of the valley are increasing daily and it is believed the present week will show a slight advance in prices on the eastern market. Yesterday's movement of refrigerated cars showed an increase of twelve over Saturday, but today's report will probably show a falling off. Empty cars are still being sent to all parts of the valley by the railroads and this indicates there is considerable green fruit yet to be shipped. From the ten cars are being sent north of Fresno and three times this number to the southern end of the valley.

Grape prices are holding up well in the East but when the auction opens this morning a change may occur. The decision of the shippers to hold back for a few weeks in their large shipments will probably result in fair prices for the goods later. The glut of the past week will be removed from the eastern market this morning and before the end of the present week prices may rise. September shipments are still short of the August record and it is believed the green fruit men are holding back to take advantage of the expected rise in prices after the present market has been cleaned up.

SPANISH FAMILIES HONOR C. HIDALGO

Father of Independence of
Mexico Is Praised by
300 at Social

The members of sixty-three Spanish families and their friends celebrated last night the 102nd anniversary of the birth of the republic of Mexico with a dance and musical and literary program. The social was under the auspices of the Mexican Union of Fresno, and the attendance was close to 300 men, women and children. This organization holds a social and ball annually in honor of a priest, Costilla Hidalgo, known as the father of his country, and the man who aided materially in giving independence to Mexico.

The national hymn of Mexico was rendered several times and stirring speeches were made in Spanish and English. Among the prominent speakers were General Organizer D. Gatti, J. Costello, president of the local, and Joe Ramonosa. The committee in charge of the affair consisted of President J. Costello, Secretary L. Herrera and Treasurer F. Aguilera. The dance was held at 1251 F street and lasted until 1 o'clock this morning. Today marks the 102nd anniversary, but it is the custom to hold the annual ball on the eve of the day.

PROMOTION FOR 13,000 CLERKS

Increased Pay in Postal
Service Has Been Set
for October 1st

WASHINGTON, Sept. 15.—Promotion for 13,000 railway postal clerks on October 1 will be provided in orders to be issued tomorrow by Postmaster General Hitchcock. More than a million dollars will be expended in making the promotions.

A reorganization of the railway mail service and increased pay for postal clerks were authorized in the recently enacted postoffice appropriation bill. Although more than a million dollars a year will be involved in the increases, it will cost the government no more. Postmaster General Hitchcock has perfected a plan to save that amount by reorganization of railway mail car space and the amount the government pays annually to the railroads.

The new law provides for three classes of railway postal lines with their transfer and terminal offices. The compensation will be highest for lines on which work is heaviest. Beginning with \$900 a year, all clerks who give efficient service will receive annual promotion of \$100 until they reach the maximum of the successive annual grades after which they may be promoted for specially meritorious service until their pay reaches \$1,600 a year. Chief Clerks in the railway mail service will receive \$2000.

Hitherto it has been the custom to promote railway clerks only when vacancies occurred through death, resignation or removal. Hereafter railway clerks will have assurance of annual promotions within the limits indicated so doing as they do their work faithfully.

NATIVE SONS' AUDITORIUM IN SAN FRANCISCO DEDICATED

SAN FRANCISCO, Sept. 15.—The new auditorium of the Native Sons of the Golden West, was dedicated today by ceremonies consisting of addresses and musical numbers.

Mayor James Rolph, Jr., who is a Native Son, reviewed the growth of San Francisco since 1848 and well upon the success of the order in erecting a \$250,000 building in a brief space of time. As an augury of success for San Francisco's municipal projects and for the Panama-Pacific International Exposition, other speakers were John F. Davis, first vice president of the Native Sons; Charles M. Helms, chairman of the ways and means committee; and James D. Phelan, president of the hall association.

KILLS COUSIN ACCIDENTALLY; SUICIDES FROM REMORSE

OGDEN, Sept. 15.—Leroy Harrison, 14 years of age, shot and killed his cousin, Joseph Wadsworth, aged 15, while hunting yesterday. He then hurried to a farm house, reported the tragedy, and while a farm hand was telephoning for help, shot himself. His father, Sheriff E. B. Harrison of Weber county, said tonight that the first shooting was accidental, and that the boy killed himself from remorse.

ROOSEVELT HAS A DAY AT REST; THEN GOES SOUTH

(Continued from Page 1.)

cause he had leavings toward the new party and because he had refused to write a chapter for the Republican campaign text-book on the government's finances.

PROGRESSIVE CAUCUS.

SAN FRANCISCO, Sept. 15.—Delegates politically allied with State Senator Thomas P. Finn of San Francisco dominated the caucus here today of the Progressive faction of the county Republican organization preliminary to the Republican county convention to be held here tomorrow. Thomas A. Brown, who was supported by Senator Finn, was elected chairman of the caucus over John R. Terrell by a vote of 26 to 8. W. H. McManis received 10 votes. Forty-two of the ninety-two delegates to the convention were present.

Robert Dennis, a Finn adherent, who placed Brown in nomination, introduced a resolution that the organization of the caucus be the organization of the convention. Assemblyman Andrew Cunningham, also a political ally of Finn, spoke in support of the resolution and Terrell and McManis opposed it. The chair ruled the resolution out of order on the ground that the caucus could not dominate the convention since the majority of the delegates were not present.

Several suggestions have been made for chairman of the convention including Harbor Commissioner John R. McCallum and Fred Hayes. The latter is supported by Finn. Members of the Taft faction of the Republican county committee as opposed to the wing which includes the Progressives, declared today they would fight for control, although outnumbered, and if necessary, would withdraw and hold a separate convention. Charles Forbes will act as spokesman and will be the candidate of the Taft adherents for chairman. If the latter withdraw they will name a county central committee and adopt resolutions and a platform.

PENNSYLVANIA TICKET.

NEW YORK, Sept. 15.—Charles D. Hilles, chairman of the Republican national committee, was in communication by wire today with party leaders in Philadelphia and Harrisburg over the settlement of the Pennsylvania electoral situation. Later he issued a

statement saying an agreement had been reached that would obviate the necessity for litigation. According to Hilles, Taft candidates for electors will be named by the state committee at Harrisburg, September 20th. The chairman says he has received definite assurances that the Roosevelt electors will then be withdrawn from the Republican ticket and will run independently.

SANTA CRUZ FOR TAFT.

SANTA CRUZ, Sept. 15.—By a vote of 34 to 16 the delegates to the Republican convention of Santa Cruz county pledged loyalty to President Taft yesterday.

The convention's first clash came when Roosevelt supporters endeavored to send a delegate who had registered as an independent. After a hotly contested vote and a great deal of excitement the delegate was rejected by a vote of 31 to 26.

Final test came on the endorsement of either Taft or Roosevelt, and the Taft adherents were victorious. Congressman E. A. Hayes received unanimous endorsement for reelection and S. A. Palmer was chosen chairman of the county committee.

SEEKS TO SAVE WIFE FROM BIGAMY CHARGE

Husband's Love Is Greater
Than His Disappointment
Over Marriage Failure

CHICAGO, Sept. 15.—A story of a man's love for his wife and his willingness to sacrifice himself that she might have the mate she loved, was told in the court room of Municipal Judge Fry yesterday.

James E. Carabine, his wife, Stella Ruth and Oscar Gulley, the other man, were the principals in the drama. Mrs. Carabine had married Gulley without first obtaining a divorce. She was charged with bigamy and he with living with her.

"Judge," said the lawful husband, "I don't want to prosecute them. I love the woman and I don't want to see her go to jail. I am 42 years of age, she but 24, Gulley is 26, and they love each other madly. I won't go on and on for her, judge, and I never made her happy. I am willing she should get a divorce and marry this man."

While the speech came from his lips the woman slowly rose to her feet and clung to the man she had chosen.

Gulley too was crying and spectators viewed the scene in sympathetic astonishment.

Judge Fry said he would take the federal general when given at his headquarters here. He vouched for the loyalty of the Mexican army to the government of Mexico. "We will hold a celebration in Juarez on the national holiday," said General Huerta. "But it will be merely one of patriotism and nothing more. There is no danger that the revolutionaries will be as false as the army of the north or myself are concerned. I am a soldier and nothing more."

It also was denied today by Enrique C. Llorca, Mexican consul to El Paso, that he had received an appointment by the supposed plotters as governor of the state of Chihuahua. Senator Lorenzo declared that he had not been approached and that he believed the talk of a counter revolution among the military in Mexico to be groundless.

honds and was successful. Then he engaged the services of a professional bondsman and had the couple released.

MADERO STRIKES LIBERTY BELL AT MEXICAN CAPITAL

(Continued from Page 1.)

bull fight, Antonio Gonzalez engaged in a quarrel in the ring with Antonio Berpita, one of the matadors. Shortly after the two men met on the street and Gonzalez fired a shot at Berpita. The bullet missed the matador and struck Jose Costilla, a bystander, just below the heart. Gonzalez fled, but was captured and will be taken to the hospital for treatment. Costilla is dying.

WASHINGTON, Sept. 15.—The United States will probably not hold Colonel Pascual Orozco, 55, father of the rebel general, and Colonel P. G. Orozco, with any other captured Mexican rebels, for deportation to Mexico. No charge of violation of the neutrality laws are pending against either, and their position is the same as that of any of their men. General Orozco, however, if captured, would be held for the Mexican government which is prepared to ask for his extradition to face charges of conspiracy against the president.

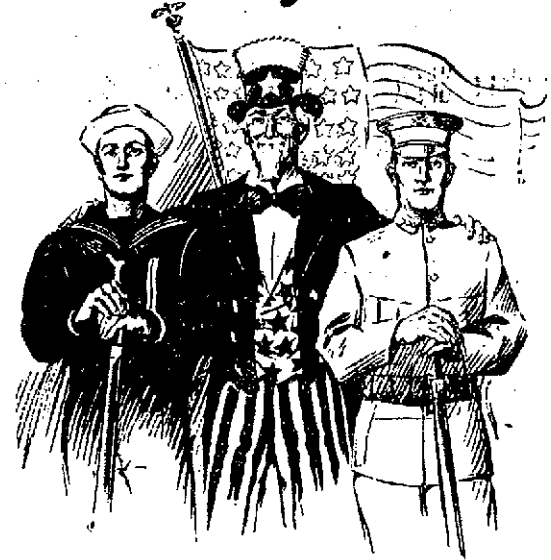

General Huerta is commander in chief of the division of the north. He is in command of all federal forces sent against Orozco and his revolutionists.

Absolute denial of any plot against the federal government was made by the federal general when given at his headquarters here. He vouched for the loyalty of the Mexican army to the government of Mexico. "We will hold a celebration in Juarez on the national holiday," said General Huerta. "But it will be merely one of patriotism and nothing more. There is no danger that the revolutionaries will be as false as the army of the north or myself are concerned. I am a soldier and nothing more."

It also was denied today by Enrique C. Llorca, Mexican consul to El Paso, that he had received an appointment by the supposed plotters as governor of the state of Chihuahua. Senator Lorenzo declared that he had not been approached and that he believed the talk of a counter revolution among the military in Mexico to be groundless.

honds and was successful. Then he engaged the services of a professional bondsman and had the couple released.

Are They Good Enough for You?

IN the next fight these boys have on their hands, they'll show you that they're "good enough for you."

No warriors in times of peace ever worked harder to be ready for war than your boys in the Army and Navy.

Why have they won the world's shooting championships on both land and water?

Why have they built out the most impregnable coast defense system on earth?

Why have they built the biggest gun? Why are they building the biggest battleship? Why have they developed the world's most efficient army medical corps?

They have done these things to prove to the world in advance their ability to guard you, should occasion ever demand it.

If you would like to know all about your fighting men, as well as the other people constituting the great government machinery, get

Why Have "Nerves"?

This is the reason why women have "nerves." When thoughts begin to grow cloudy and uncertain, impulses lag and the warnings of pain and distress are sent like flying messages throughout limbs and frame, straightway, nine times in ten, a woman knows the cause of the trouble to some defect at the point where she first felt it. It is a headache, a backache, a sensation of irritability or twitching and uncontrollable nervousness, something must be wrong with the head or back, a woman naturally says, but all the time the real trouble very often centers in the womanly organs. In nine cases out of ten the seat of the difficulty is here, and a woman should take rational treatment for its cure. The local disorder and inflammation of the delicate special organs of the sex should be treated steadily and systematically.

Dr. Pierce, during a long period of practice, found that a prescription made from medicinal extracts of native roots, without the use of alcohol, relieved over 90 per cent. of such cases. After using this remedy for many years in his private practice he put it up in form of Dr. Pierce's Favorite Prescription, that would make it easily procurable, and it can be had at any store where medicines are handled.

Mrs. Lina B. Hawkins, of Zanes, Va., writes: "I had been failing in health for two years—most of the time was not able to attend to my household duties. Female weakness was my trouble and I was getting very bad, but, thanks to Doctor Pierce's medicine, I am well and strong again. I took only three bottles of 'Favorite Prescription' and used the 'Lotion Tablets.' I have nothing but praise for Doctor Pierce's wonderful medicines."

"BABY MINE," THE SCREAMING COMEDY AT THE BARTON TONIGHT

Scene from "Baby Mine" at the Barton Opera House tonight.

"Baby Mine," the comedy success of two continents, which had New York in a delirium of laughter for one solid year at Daly's Theatre and reached its second year at Sir Charles Wyndham's Criterion Theatre in the attraction at the Barton tonight.

Adrian Stevens, the able critic of the Chicago Examiner, openly declared that "Baby Mine" was the funniest play ever written, and that it was the New York American, said "Not a 'baby mine' but an adult mine of fun." Other well known writers have vied with one another in an effort to do full justice to the excellent cleverness of Margaret May's laugh play. Indeed, seldom has it occurred that newspaper men have raved over the humor of any comedy as they have over "Baby Mine," which is sending a gale of laughter around the world.

The methods and acting of the young mother, and deluded young husband, are close to real happenings, and impress most of an adult audience.

POLICE SURROUND TANK HOUSE AFTER BURGLAR; FIND LAD

Albert Lemon, Aged 8, Blowing Horn, Is Mistaken for Burglar

Surrounding a tank house in the rear of 210 L street yesterday afternoon, Police Detective John Goehring and Patrolman Harndbrook stealthily rushed upon the little building, rushed through the door, expecting to find a burglar in the tank house. Instead, they found a young boy, Albert Lemon, aged 8 years, sitting on a box peacefully blowing away on an old horn that he had found in the place.

The presumption that the officers used in rushing into the tank house was warranted as a report had been sent into police headquarters that the family living at 210 L street had cornered a burglar in the tank house. The detective and patrolman were detailed on the case and with all possible haste they rushed to the building and were warned to be careful as they were taking their lives in their hands when they entered the place.

Young Lemon, and the officers admit that the youth certainly handed them one of the loquacious fruits was taken out of the tank house and taken to his home at 2117 San Joaquin street. The little fellow had wandered into the tank house and the noise he made on his four of inspection made the neighbors think a burglar was in the place.

DOCTOR REFUSES MOTHER'S REQUEST

A conscientious mother does not want to bring a diseased baby into the world, but an equally conscientious doctor refuses to operate. We wrote F. A. Munch, the druggist at Rice and Summit streets, St. Paul, Minn., for confirmation, as follows: "Do we understand you to mean that patient was cured of Bright's disease, but being pregnant at the time the child showed a good deal of albumen and that later the child was given the Renal Compound, both child and mother recovering?"

Munch replies as follows: "Answering your 21st, patient was cured by Patterson's Renal Compound and was pregnant at the time and the child also was cured. A very good proof of recovery is this—after four years she is in the same condition. The doctor refuses an operation unless the mother is cured of Bright's disease. After the mother is cured, the doctor said, 'Nothing doing.' Patterson's Renal Compound."

The management of this bank invite a personal interview with you regarding your business.

FREE MARKET TO BE CITY SCHOOLS OPEN GAS COMPANY IS TO SPEND \$65,000 ON PIPES

Mayor Snow Expects No Veto on Ordinance As Members Are Absent

Action on Dollar Gas May Not Be Known Before November 1st

Regular Schedule To Be Observed at High School; Normal Work Begins

Ten Carloads of 16-Inch Goods Here to Be Laid On Tulare Street

Will Be Used as Main Line; 10-Inch Pipes for Business Section

Under the plan of the city of Fresno, the proposed ordinance establishing a free market for the city schools, which will be taken up tonight by the city council, is expected to pass without opposition. The ordinance, which will be taken up tonight by the city council, is expected to pass without opposition. The ordinance, which will be taken up tonight by the city council, is expected to pass without opposition.

Students of all ages, from the third graders in the first grade to the seniors in the normal school, will be under the supervision of the city schools. The ordinance, which will be taken up tonight by the city council, is expected to pass without opposition.

Ten carloads of 16-inch pipe have arrived here from the New Jersey and Alabama factories to be used by the Pacific Gas and Electric Company in relaying its main line from the gas works in Chinatown to Fresno and to streets. The pipe has been unloaded and most of the pipe is now being laid along Tulare street.

At the time, Henderson sent a copy of the ordinance to San Francisco and the head men have been considering it since that date. It is believed here that the ordinance will be taken up tonight by the city council, is expected to pass without opposition.

In the interim, the normal students will be under the supervision of the city schools. The ordinance, which will be taken up tonight by the city council, is expected to pass without opposition.

This week a force of ten men will begin work at Merced and N streets laying 10-inch pipe along N to Nelson avenue and thence along Nelson to Fortcamp. This supply of pipe arrived here a few days ago and will be used as principal feeding lines connecting with the main artery on Tulare street.

Guaranteed 22-K cold crowns \$5. Dr. W. W. Cravens, dentist, Land Co. Bldg., Tel. 145.

The daughters of Veterans will hold a meeting tonight at 8 o'clock in the hall in the Forsyth building.

Jack Wallace, John Gabriel, Joseleone, C. H. Parker, Henry Jones, and W. S. Ashworth, were arrested last night by patrolmen on charges of drunkenness and disturbing the peace.

George Allen, alleged to be a deserter from the United States Army and who was arrested here, was taken to the recruiting office in San Francisco yesterday by Night John Kelly, the arresting officer.

The Woman's Missionary society of St. Paul's M. E. church, South, will hold an all day meeting in the church parlor Tuesday, September 17. All members are urged to come early, as there will be quilting in the forenoon.

J. R. Ferguson, an aged rancher, was thrown from his rig yesterday morning near the corner of Park and McKenzie avenues when the horses ran away and received a slight injury to his head. He was treated at the emergency hospital by Dr. W. E. Bane and later taken to the home of friends on E street, 1114, where he was taken from the rig but she escaped unhurt.

PERSONAL MENTION

Dr. Sarah Bush has returned from Los Angeles where she attended the National Management of the Grand Army of the Republic.

Miss Paula Ross, arrived in Fresno yesterday afternoon from San Francisco to spend a short vacation with Mr. and Mrs. Sigurd C. Berg.

S. B. CORN PAINT

Removes hard or soft corns when other remedies fail. Genuine at Smith's drug store.

DEATHS

NEILSON—In El Paso, California, September 11, 1912, Evelyn Anna Neilson, daughter of Mr. and Mrs. James Neilson, a native of California, aged 11 years, 10 months, 27 days.

Funeral will take place this (Monday) afternoon, September 16 at 1 o'clock from the parlors of Stephens & Bane. Interment will be in Mountain View Cemetery.

PETERSON—Corner Hughes and White Bridge Avenue, September 15, 1912—Ethel A., daughter of Mr. and Mrs. P. Peterson, a native of California, aged 21 years, 2 months, 17 days.

The funeral will be held Tuesday afternoon, September 17 at 2 o'clock, P. M. Interment in Mountain View cemetery.

Fresno Rheumatics Now Get Relief at Home

What chance does any sufferer take when "Nurita" is guaranteed to relieve Rheumatism, Sciatica and Neuritis or money refunded? The worst symptoms in the most acute cases are relieved by "Nurita," a prescription—not a patent medicine—free from opiates and narcotics.

"Nurita" is a specific, positive in its action, quickly removing all aches and pains in swollen and inflamed joints and muscles, and limbering them up in a manner that will surprise you.

Go to San Joaquin Drug Co., or Monroe Drug Co., today, get a \$1 box of "Nurita" and feel it work. Nothing has ever done what this prescription will do.

Compounded by the MacGill Chemical Co., Plattsburg, New York.

IN THE LODGE ROOM

TO SNAP ODD FELLOWS.

All the members of Fresno Lodge No. 155, Independent Order of Odd Fellows, have been requested to be present this evening at the lodge rooms for the purpose of having their pictures taken. A flash-light photograph is to be made of the interior of the hall and as many members as possible should be in the picture.

The second degree will be conferred upon two candidates in Fresno lodge tonight.

Central California lodge No. 213 will confer the second degree next Thursday night upon a class of candidates.

Friday evening the patriarchal degree patriarchy being present from Visalia, and Solina encampments. Refreshments will follow the lodge work.

FRATERNAL ORDER EAGLES.

The last two meeting nights being holidays, the first session for three weeks of the Fresno lodge, P. O. E., will be held tonight.

WOODMEN OF WORLD.

District Manager A. B. Caw of the Woodmen of the World has left for Patterson where he will organize a new camp this week. The dedication ceremony later will probably be made by the local team and officers of Mountain View.

H. E. White is vigorously working to organize an orchestra. An open meeting of the lodge is to be held October 31 and it is hoped to have the orchestra trained well enough to play at this time. It is believed an orchestra of ten pieces can be secured.

The regular initiation will be held at the meeting of Mountain View lodge tomorrow night.

KNIGHTS OF PYTHIAS.

At the meeting of the Fresno lodge, K. of P., this week the team will hold drill practice for the coming year. The first rank, a highest session will precede this rehearsal.

ANCIENT ORDER FORESTERS.

A special big meeting and banquet is to be held next Thursday evening by Court Rabin City No. 835, Ancient Order Foresters, in honor of the members of the court who have been in California longer than ten years.

ORDER OF OWLS.

A social dance and entertainment will be held by Fresno lodge, Order of Owls at Elstons hall next Friday evening. The members and their families are invited. A brief business session will precede the dance.

K. O. T. M.

Arrangements will be made at the meeting of the Fresno lodge, Knights of the Macabees, next Wednesday evening, for the inauguration of a membership campaign in October.

INDEPENDENT ORDER FORESTERS.

Members of Fresno lodge will leave shortly for Los Angeles, as the high court of Independent Order of Foresters convenes there on October 7.

The accredited Fresno delegates are Dr. L. R. Wilson, and Frank A. Johnston.

Further H. Yarns of Fresno is the high court auditor.

FRATERNAL BROTHERHOOD.

British City lodge No. 282, Fraternal Brotherhood, met last week with a good attendance and four applications for membership were received. M. E. Moore and J. C. Patton were reported ill. Ice cream and cake were served following the business session.

A large class will be initiated on Wednesday, September 25.

REBEKAHS MEET.

Fresno Rebekah lodge No. 155, L. O. E. F., held a well-attended meeting on Saturday night. Mattie Seale became a member by transfer. Dancing and games were enjoyed during the evening. Ice cream and cake were served and the home social was pronounced to be a decided success. At this session this week, the initiation degree will be exemplified.

FRESNO CIRCLE.

Fresno Circle, No. 712, W. of W. held a very enthusiastic meeting last Friday evening.

The Harmony Club, recently formed as a subordinate club of the Circle, was discussed, and many plans were laid for the future social events of the club. The club is to meet in the afternoon once a week at the various neighbors' homes for purely social purposes—to promote good-fellowship, and introduce new friends into the Circle. The members of the Circle not signed up are urged to do so at once, so they will not miss these enjoyable Wednesday afternoons.

The guards under the capable leadership of Captain Mance will soon be in such form as to be able to compete with any team now organized.

The Circle meets in the Knights of Columbus hall every Friday evening.

BRIEF NEWS NOTES OF TOWN OF TAFT

TAFT, Sept. 15.—The boys of the Associated camp at Fellows are planning on giving another social dance in the school house on Monday evening, the 16th.

Quite a little excitement was caused in Maricopa yesterday when the Wells Fargo Express Company's train ran away. The horses ran around the town a couple of times but was stopped by someone on the street in time to avoid any damage.

Harley will leave tomorrow for Los Angeles and other Southern cities for a short business and pleasure trip. Mrs. Thomas Stebbins is reported as being quite ill in Los Angeles.

Miss Annie Morgan of Maricopa entertained here friends delightfully last evening at her home in honor of her nineteenth birthday. Many musical selections were given by a number of the young people present. A light repast was served to the guests in the early part of the evening, while the latter part of the evening was spent in playing cards. The prize, a beautiful hand-painted olive bowl being won by Margaret Wolfe.

N. C. Robinson will leave tomorrow for San Francisco to spend a vacation with his family for a few days.

A party of young boys of Taft rode out to Maricopa this morning on bicycles to visit the Maricopa plume. The unexpected heat wave that has been scouring the city for the past two days has made this plume the center of attraction, and has hardly been large enough to accommodate the visitors from the surrounding country.

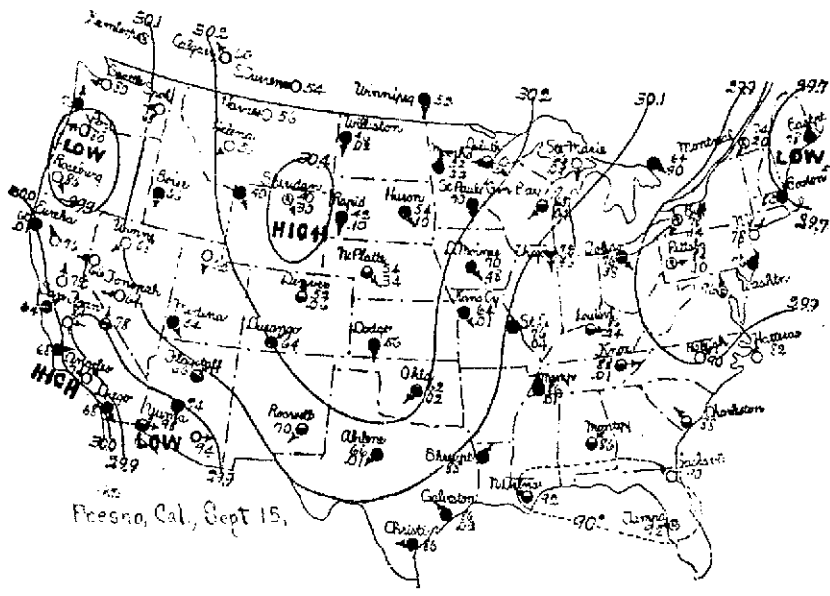

Among those who rode over to Maricopa were Richard Griffiths, Lester Brown, Emma Ramon and others. Elmer Wood, Sam Ferguson and Mr. and Mrs. Fitzhugh rode to Maricopa today to attend the Panama-Ruley circus.

A. R. Keating, the representative of the San Francisco Examiner, was a Taft visitor yesterday.

Yang Ling is certainly surprised that as far as Friday, the 13, is concerned, for yesterday while driving his vegetable wagon, the horses started to run and broke his wagon beyond repair. On the last Friday, the 13th, Yang Ling thought he would get one of Taft for the unlucky day, and was called back from Maricopa with the news that all Chinatown was burned.

J. L. Canfield will leave tomorrow for Los Angeles and the other Southern cities. His health has been failing him for some time past and he expects to stay in this city until entirely cured before returning to his home.

U. S. Department of Agriculture WEATHER BUREAU WILLIS L. MOORE, Chief

EXPLANATORY NOTES.
Observations taken at 8 a. m., 76th meridian time. Air pressure reduced to sea level. Isotherms (continuous lines) pass through points of equal air pressure. Isotherms (dotted lines) pass through points of equal temperature. Arrows show the wind. First figure, highest temperature past 12 hours; second, precipitation of 24 hours or more for past 24 hours; third, maximum wind velocity.

MRS. BEDELIA COWAN LAID TO LAST REST

Many friends yesterday afternoon gathered at Stephens & Bane's chapel and attended the funeral services over Mrs. Bedelia Cowan, wife of J. A. Cowan, a Fresno contractor, who died Friday night. The services were conducted by Rev. Harold Givette of St. Paul's Methodist church and burial was in Mountain View cemetery. Many floral offerings surrounded the casket. Besides her husband, Mrs. Cowan is survived by two sons, James and Roy, and two daughters, Frank and Thomas. Burial, ranchers near Fresno.

FORMER FRESNAN EXPIRES IN S. F.

Word was received in Fresno last night that Andrew E. Poole, formerly of this city, had passed away in San Francisco. Poole lived here until about ten years ago when he moved to San Francisco where he later went into business. He is the son of Mr. A. J. Poole and a brother of Milton Poole, Mrs. R. C. Shotton, Mrs. C. L. Davis of Fresno and Mrs. C. H. Hodes of Los Angeles. It was Poole's request that he be buried in Fresno. The body will arrive in Fresno today and will be taken in charge by Stephens & Bane.

GROWERS IN CLOVIS WILL MEET MONDAY

Protest Is To Be Made on Account of Wineries Fixing Grape Prices at 5 Per Ton; Many Will Attend

CLOVIS, Sept. 15.—A meeting is to be held in Clovis Monday for the purpose of taking action on account of the wineries arbitrarily fixing the price of grapes at \$1. The meeting will occur in the evening at 8 o'clock. A large attendance is expected. Many growers favor drying the wing grapes and selling to the brokers in New York, who buy dried grapes for export trade.

FRESNO VETERAN FIREMEN.

The F. V. F. A. will hold the regular monthly meeting in the City Hall on Wednesday, September 18th, at 8 p. m. A good attendance is desired, as matters of importance will come before the meeting.

CHAS. F. WARD, Sec'y.

DON'T BE MISLED

Fresno Citizens Should Read and Heed This Advice

Kidney trouble is dangerous and often fatal.

Don't experiment with something new and untried.

Use a tested kidney remedy. Begin with Doan's Kidney Pills. Used in kidney troubles 50 years. Recommended here and everywhere.

The following statement forms convincing proof.

Mrs. F. A. Bowdell, 221 E. Fourth St., Hanford, Calif., says: "We have used Doan's Kidney Pills in our home and know them to be a first-class kidney remedy. I positively endorsed them in June, 1907, and at this time take pleasure in speaking in their favor again."

For sale by all dealers. Price 25 cents. Foster-McMillan Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

News From Central California

SURVEYORS AT WORK ON RAILROAD GRADE

Working on Line Projected
by C. B. Rogers of
San Francisco

KERNAN, Sept. 15.—Surveyors have been at work this week placing stakes for a railroad grade across the property known as the Liberty section and located north of the Yosemite home ranch. This section is the one to which test was recently recorded in the name of Charles Rogers, who recently gained considerable publicity in the valley through his bids on Tulare county power franchises.

It has been popularly supposed that the Western Pacific railroad was the real owner of the property but according to a statement made this week to a Kernan man by John Coffey of Mendocino, a former W. P. right-of-way agent, three other men, all of whom have been at one time or another connected with the Western Pacific, own the property. It is his intention to plot the center line across the townsite and to establish the location of the land in terms of five acres and lots. The railroad studies which are on the station lead to Fresno and indicate the grade for a road which Coffey stated was to be built. Whether this was to be a steam or electric line, he could not say.

Some weeks ago Hank Hall of San Francisco and Rodgers were reported to be having a right-of-way out from Fresno to the Liberty section and the studies recently placed are said to correspond with the route which Hall and Rodgers were reported to have selected.

DARROW SCHEDULED TO SPEAK IN BAKERSFIELD

Kern County Labor Unions
Are Making Plans for an
Elaborate Celebration

BAKERSFIELD, Sept. 15.—Charles S. Darrow, the celebrated labor attorney, is to speak in Bakersfield on Sept. 25th. It is understood his address will be about the time of his Labor Day speech in San Francisco. The Building Trades Council and Kern County Council of Labor have appointed committees to arrange for a reception of Darrow. Recently Darrow was acquitted in Los Angeles of the charge of building a jury in the McNamee case.

OLD MINING CLAIM SOLD FOR \$40,000

Known As Annie Fox and
Worked for Years by
William Cluff

EXETER, Sept. 15.—The mining claim known as the Annie Fox, and owned and worked for years by William Cluff, has been sold to a mining company. The price was said to be about \$40,000.

This mine is situated on the mountain side overlooking Mineral King, and is a combination of copper and gold. It is estimated that the mine contains about \$10 to the ton of gold ore. Years ago in the past, mining activity in these parts of Mineral King was a bustling little mining town and boasted several gold mines. These, however, were abandoned on account of not being profitable on account of not being able to separate the gold from the quartz. The claim, an old mine known around the mountain country as Bill Cluff's, could not be persuaded to stop work on his claims. He had faith in them, and every summer for the past ten years he has been the first one back to the mountains, and has stayed until the snow drove him out, often making the trip out on snowshoes.

This summer two different mining experts, representing two different companies, tested the Annie Fox thoroughly and following this the sale was made.

The work of putting in the necessary machinery will begin as soon as possible and it is estimated that a half million dollars' worth of improvements will be installed this coming summer. This mine alone will transform Mineral King from a quiet summer resort into a busy mining town, and may lead up to the opening of other mines. One of the greatest disadvantages of the location has already been overcome in the changing of the road up River Hill. This is well known as one of the worst hills in Tulare county. The supervisors have this summer surveyed a new road on the opposite side of the Kaweah, from River Bridge to Oak Grove, and \$15,000 has already been spent upon it. More is needed and the supervisors of Tulare county will undoubtedly make the necessary appropriation to complete this road.

MADERA DEMOCRATS HOLD CONVENTION

MADERA, Sept. 15.—The Democratic convention convened in the hall of the Chamber of Commerce at a little after 4 this afternoon and J. M. Griffin was elected temporary chairman. E. M. McCardle, temporary secretary, and W. C. Utter, assistant secretary. When Mr. Griffin took the chair at the request of the chairman of the county committee, there was an outburst of cheering and the appointment of committees a recess was taken to await their reports.

Personal Mention of Prominent People in San Joaquin Valley

GEORGE HAUSAM, deputy county recorder of Tulare county, his wife and child, have left Visalia for an extended visit with relatives in St. Louis and Chicago.

FRANK GLAS, SR., 77 years of age, a native of Germany and for many years a useful citizen of California, celebrated his birthday Wednesday and was entertained by his sons and old acquaintances. Mr. Glas never grows old and says he is destined to be a centenarian.

ED. AND JIM BYLES have returned to Coalinga from a four months' hunting and camping expedition in the northern part of the state and the southern part of Oregon. They were accompanied on the trip by Lee Taylor, also of Coalinga, who returned a few days ago, having left the party at Willows, California. The boys made the entire journey from here by pack train and traversed some of the wildest country in the West, going for weeks at a time without seeing another white person and only an occasional stray Indian.

J. G. SWAILS and wife of Geneva, Nebraska, arrived in Merced Wednesday and were guests for a day of Mr. and Mrs. J. A. Wright. Mr. Swails and Mr. Wright were intimate friends in the past many years ago, but had not seen each other for 37 years, until Wednesday. Mr. and Mrs. Swails are touring the west and left for Los Angeles.

MR. AND MRS. GEORGE LOCKYER of Porterville have departed for Pasadena, where they will make their home. Mr. and Mrs. Lockyer are well-known residents of the Poplar district, having sold their property in that section some time previous. They were accompanied by E. E. Lockyer and their daughter, Miss Melissa Lockyer, who will also make their home in Pasadena.

R. W. FENN, manager of the manufacturing department of the Union Oil Company at San Francisco, was in Coalinga last Monday. He has an orange grove here and the object of his visit was to attend to matters concerning it. Mr. Fenn contemplates making his home in Lindsay and in fact he already has an elegant house built in the Lindsay tract.

J. S. WILLIS left Friday for Long Beach, where he met Associate C. F. Bonner, and Sunday morning the gentleman started East on a visit to their old homes in Tennessee. They will visit Texas and Oklahoma en route home. Mr. Bonner will return here about the first of November, but Mr. Willis expects to remain several months.

F. E. OSTERHOUT of Madera and wife, who have been absent from that city for the past three weeks, enjoyed a vacation which they spent in several coast points, returned home Friday. They report considerable excitement was occasioned among the Madera contingent to San Francisco, by the bulletin of Wednesday's fire, announcing the total destruction of Madera with loss of life.

D. L. HUTCHINSON of Fowler has returned from a long and interesting trip eastward, which began with an excursion trip into Yosemite and included a protracted visit in Yellowstone Park. He has material enough for several stories if he relates all the wonderful things he saw and heard during his three months' absence.

A. ELDER and wife of Fowler have returned recently from a very interesting trip to Nebraska, and other middle western states. They made their first stop near Atkinson, Neb., with their son, whom they had not seen for 21 years. They found him a very well-to-do farmer with a fine family of boys. After spending five weeks there, they went to Albia, Ia., and visited the latter's two sisters, the one over 50 years of age and the other in her 70s. The three sisters had not met each other for 24 years and they improved every moment of their visit together. As a climax to the trip the Fowler travelers spent several days in Kansas City with Mr. Elder's brother's family and through the hospitality of their nephew they were privileged to tour the entire city and see every place of great interest within its bounds.

BUNCH OF GRAPES WEIGHS 8 POUNDS

KIRKMAN, Sept. 15.—A bunch of Thompson seedless grapes, weighing eight and one-half pounds, was picked this week by J. W. Shney on his vineyard in the Empire colony. This is believed to be one of the largest bunches ever reported in the county. The berries were of large size and uniform in quality. The cluster was 8 1/2 inches in length for a couple of days and was then placed in cold storage in the hope of holding it over until the county fair.

LEMOORE SATOON MAN IS ARRESTED

LEMOORE, Sept. 15.—M. Martin, owner of a saloon in this town, has been arrested on a charge of selling liquor to a licensed bartender. Martin was arrested before Judge Er-langer the latter part of this week and was released on \$2000 bail. He will be given his trial later. The bartender in the saloon is alleged to have made the sale to Martin, who was held responsible for his employee's act.

The law department was called last night to the Lemoore garage, where the trunk on a motorcycle had exploded and the explosion was attributed to one of the employees in the garage who brought a garden hose to service.

ASK FOR REFLECTION ON LOCAL OPTION

MADERA, Sept. 15.—A petition of electors calling for an election in the second supervisorial district under the provisions of the Whitley local option law has been filed with County Clerk Curtis and will be presented to the supervisors next Monday.

The petition appears to carry the requisite number of petitioners, but County Clerk Curtis has not yet had an opportunity to verify them.

MADERA REPUBLICANS STRONG PROGRESSIVES

Refuse To Give Support To
Any Candidates Who
Are "Standpatters"

MADERA, Sept. 15.—The Republican county convention met here on Saturday and adopted as its platform, the platform at the Fresno county convention, with one or two changes to fit Madera county, and one addition. The opening paragraph of the platform was changed to read the word "progressive" as adopted by the Madera convention. It read:

"The Madera county convention composed of delegates legally elected from the various precincts at the Republican primary, hereby endorses all progressive candidates nominated by the voters at the primary election held, September 3, 1912, and instructs the county committee, chosen by this convention to labor faithfully for their success."

The additional paragraph promised support to none but progressive candidates for any office. It read as follows:

"This convention refuses to endorse or support any candidate for any office who supported or voted for any reactionary candidate, commonly known as 'standpatters,' at the primary election held on September 3, 1912, or who intends to support or vote for any such candidate at the general election in November, 1912, nor will this convention support any candidate who advocates or supports reactionary principles, commonly known as 'stand pat' principles or the like."

A lengthy resolution was also passed, endorsing the irrigation plan advocated by Robert L. Hargrove and urging him to again be a candidate for congress in 1914. Hargrove was also urged to continue advocating the installation of a big irrigation project in this valley.

KERMANITES PLAN BIG FARMERS' INSTITUTE

Will Occur October 7 and 8
and Be Held in Kerman
Union High School

KERMAN, Sept. 15.—The annual farmers' institute in the Land of Kerman will be held at the Kerman union high school on October 7 and 8. It is probable that the meeting will be extended over the 9th as well. Final arrangements as to the dates were completed this week by the local institute committee, consisting of B. A. Larson and P. Bowditch, with Prof. W. T. Clarke of the University of California, state superintendent of institutions.

The tentative program calls for the presence of Prof. F. T. Buellett, the viticultural expert; Dr. Chester Todd, house veterinarian and dairy speaker; Miss L. D. Clark, who will speak on home economics; an animal industry man and a poultry specialist in addition to Professor Clarke, who is a horticultural authority of note.

Kerman has the reputation of holding an institute that is not surpassed anywhere in the state. Last year nearly a thousand persons attended the sessions. The live stock and poultry exhibits and judging contests for young people, which proved so popular last year, will be continued this fall.

COALINGA HAPPENINGS

COALINGA, Sept. 15.—The directors of the Bank of Coalinga held their regular monthly meeting in the director's room of the bank Friday afternoon, at which time they audited the books and counted the cash of the institution.

James Robertson, a plumber of the K. T. & C. Co., section 25, accompanied by his wife, is in San Francisco where he will undergo an operation at the Southern Pacific hospital.

George D. Roberts, of the United Development Company, is in Los Angeles, where he will remain for several days.

Mrs. Freeman Richardson, sister of Mrs. Earl Thomas, has returned to her home in Hanford after spending a couple of days in this city.

Dr. H. S. Warren has come to San Francisco where he will remain for a few days with his family.

E. A. Perkins, of the Visalia Laundry, has returned after an absence of several days.

An automobile party consisting of Mr. and Mrs. W. P. Webber and daughter, of Los Angeles, and W. J. Mann, and wife of San Francisco, were Coalinga mid-week visitors.

Miss Edith Orr, a member of the Coalinga grammar school of Redlands, has returned from her vacation, arranged for the school opening, which occurs on Monday.

Jim McIntire, of the office force of the K. T. & C. Co., has returned from San Francisco where he went to take treatment at the Southern Pacific hospital, for blood poisoning.

H. Harkness, formerly of this city, was in Coalinga on his way to San Francisco from Los Angeles. C. M. Wagner is a part owner on Madison street and was formerly in business here.

The Inca Amusement Club gave its opening dance Friday night to the largest crowd that has ever attended the popular dances. As a very large crowd was expected, everything was in readiness for it. It is noteworthy that the hall was pretty decrepit with hanging and green boughs, which gave a very pleasing effect. The ladies of the Inca took upon themselves the refreshment part of the program, they attending to everything, and much credit is due them for their efforts. The club room and the parlor, billiard table, and the billiard hall, was so patronized by the guests that it could not dance, that adding to the evening's enjoyment. The dance hall was crowded a little beyond its capacity for easy dancing, and it is only the regret of the members that the hall is not twice its present size.

M. E. CHURCH SOUTH TO HOLD CONFERENCE

Bishop Waterhouse to Pre-
side at the 32nd Annual
Session Oct. 9 to 14

BAKERSFIELD, Sept. 15.—The thirty-second annual conference of the Methodist church, South, will be held in Bakersfield beginning October 9th and ending Friday, October 14th. Bishop Waterhouse, and bishop of Los Angeles, who presides over the five conferences in the West from Montana to Arizona and the Pacific coast, will preside at the conference. Rev. William Acton of Alameda is the secretary.

The conference will hold its sessions in the First Methodist church and members and ministers embraced in the jurisdiction, which includes California from the Tehachapi to the Oregon state line, will be in attendance. Rev. H. C. Allen, pastor of the First Methodist church, South, of this city, estimates that thirty ministers and about fifty members and their wives will be in attendance. Provision has been made through the generosity of the people of Bakersfield for the housing and boarding of the visiting clergymen in their homes. Several of the most prominent leaders of the church from the East will be in attendance. Among them will be Dr. W. F. McMurray of Louisville, Ky., who is secretary of the grand board of missions; Dr. Anderson from Nashville, Tenn.; and Dr. Alexander, editor of the Methodist Review, which is published in Nashville. The ladies of the local Methodist church, South, are co-operating with Rev. Allen in making arrangements for the reception of the visitors.

A large number of the ladies have organized a committee which is doing a great deal of the work from the shoulders of the pastor. The committee consists of Mrs. J. W. Mahon, Mrs. C. A. Davis and Mrs. E. P. Davis.

KERMAN TO AGAIN TRY FOR PRIZES AT FAIR

Will Prepare Fine Exhibit
and Erect Booth; Com-
mittee to Get Fruit

KERMAN, Sept. 15.—The Kerman district, which last year won first prize for its display at the county fair, will have another exhibit this year. Last night at a meeting held at the Vinland school house, the Fruit Growers' Association voted unanimously to co-operate with the Commercial Association in the preparation of the display.

The Commercial Association guaranteed to finance the construction of the exhibit and agree to the display if the other residents of the district would supply the products. The response to this guarantee has already been hearty and throughout the district the products of garden, orchards and vineyard are being saved.

To assist in the work of gathering the display, the Fruit Growers' Association appointed B. A. Larson, Carl Petersen and Nels Anderson as a committee in Vinland, while Mrs. A. M. Shepard will head a committee in Dakota. Committees will also be appointed from the other colonies which comprise the Kerman district. It was decided that with the exception of perishables, all products should be brought to the B. A. Larson ranch or to the Kerman union high school on September 26. Green fruit is to be delivered at the office of the Kerman News on September 26. Fruit which will not keep on the vines until that time will be kept in cold storage; the Kerman Creamery Company having generously offered the use of its plant.

Friday, October 4, has been designated Kerman day by the fair directors. It is probable that a general holiday will be declared here and that an excursion will be run. Fruit growers last night passed a resolution asking the school trustees to close the schools if a special train was arranged by the Commercial Association.

MADERA HIGHWAY BOARD ORGANIZES

MADERA, Sept. 15.—The Highway Commission met at 11 o'clock this morning in the office of County Surveyor F. L. Smith and organized by the election of J. B. High, president, and F. L. Smith, secretary. It may be, however, necessary for the commission to employ a secretary later in the work, dependent, of course, upon its necessity. After this preliminary work the commission adjourned to meet next Thursday morning at 7 o'clock when they will take the road in the performance of their duties.

The commission being composed of responsible men, the people of the county will be satisfied with the report.

RAYMOND PEOPLE BOOST GOOD ROADS

MADERA, Sept. 15.—Four auto heads of members of the Madera County Chamber of Commerce motored to Raymond last evening and attended a meeting of the Pull Together club of that place.

They found the people of Raymond, or the majority of them, quite enthusiastic over the good roads movement and willing to assist in every way possible toward that end. However, there are some who, fearful that a good road leading toward the Yosemite Valley would result in every traveler going directly through the town without stopping, are inclined to offer some opposition.

The meeting was held in the club house, and the fairly crowded citizens of Raymond and vicinity, both ladies and gentlemen.

Dr. L. L. Burch, president of the club, called the meeting to order and with brief introductory remarks, presented J. M. Griffin, who discussed "Good Roads as an Inducement to Settlement of Lands."

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought has borne the signature of Chas. H. Fletcher, and has been under his personal supervision for over 30 years. Allow no one to deceive you in this. Counterfeits, imitations and "Just-as-good" are but experiments, and endanger the health of children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrup. It contains neither Opium, Morphine nor other Narcotic substance. It cures Colic, Worms and allays Feverishness. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic, all Teething Troubles and Diarrhoea. It regulates the Stomach and Bowels, assimilates the Food, giving healthy and natural sleep. The Children's Panacea—This Mother's Friend.

The Kind You Have Always Bought

We Are Devoting Special Attention

to washing cars, also to cleaning engines and transmissions with distillate under pressure, day or night.

Washing a car does not mean only the use of a hose, too much soap and a rub with a chamois. When we have finished with your car your top has been washed off, not brushed off, your car has been washed by hand from top to bottom and from front to back; the inside cleaned thoroughly and the metal parts properly polished.

This takes time, the know-how and proper facilities. We are not stingy with the first and we have the last two and use them.

You owe it to the appearance of your car to try us once, at least.

Phone for appointment and avoid waiting

COMPENSATION SYSTEM FOR PANAMA SERVICE

BEVERLY, Mass., Sept. 15. — The refusal of Congress to agree to the workmen's compensation bill pushed by the administration has determined President Taft to apply the bill's principle in the canal zone. Within the next few weeks he expects to proclaim as law for the canal zone a workmen's compensation act similar to that which passed the Senate but failed in the House.

Senator Sutherland of Utah redrafted the bill to suit the needs of the zone and the President sent it to Panama for approval there.

The President has written Colonel Goethals expressing in strong terms his desire to put in operation there some law which will compensate workmen injured in the construction of the canal.

RACE WAR BETWEEN CHINESE AND KOREANS

SACRAMENTO, Sept. 15. — A race war between sixty Chinese and Koreans on a ranch near here yesterday, in which fists, clubs and a revolver were used as weapons, resulted in the shooting of two Koreans and the beating of two Chinese. It is believed that one of the Chinese who was beaten will die. Two Koreans sustained slight wounds from a revolver.

ASSESSMENT NOTICE NO. 47
 Office of Crescent Canal Company, Principal place of business, Wheatville, Fresno County, California.
 Notice is hereby given that at a meeting of the Board of Directors, held on the 20th day of August, 1912, an assessment of one hundred (\$100.00) dollars per share was levied upon the authorized capital stock of the corporation payable on or before the 15th day of September, 1912, to the Secretary of said company at his office, at Wheatville, Fresno County, California.
 Any stock upon which this assessment shall remain unpaid on the 15th day of September, 1912, will be delinquent and advertised for sale at public auction and unless payment is made before said day of sale, the 15th day of September, 1912, at 1 o'clock p. m., to pay the delinquent assessment, together with costs of advertising and expense of sale.
 E. J. GOODRICH, Secretary.

INSANE GIRL TRIES TO STRANGLE HERSELF IN JAIL

Tessie Nolan Twists Under Garment About Throat; Found in Time

Was Arrested for Creating Disturbance; Came Here From Coalinga

Removing an under vest from her body, Tessie Nolan, held in the county jail on a charge of disorderly conduct and who developed symptoms of insanity Saturday noon, late Saturday night attempted to end her life by strangulation by twisting the under garment around her throat. The sounds made by the unfortunate woman as she choked herself reached the ears of Mrs. Lizulu Melhron, matron at the jail, and it was only by the quick work of the matron that the young woman's life was saved. She reached through the bars and seized Miss Nolan and loosened the garment and at the same time shouted for Night Jailor Dumas.

When Dumas arrived he rushed into the cell and took the garment from about the woman's neck. When he reached her side she was already turning dark in the face, and it is thought that in a few minutes she would have succeeded in her attempt on her life had she not been discovered by the matron. Dr. Nolls Jorgensen of the county hospital was summoned and he restored the woman to consciousness.

Last night it was reported by Dr. Jorgensen that Miss Nolan was much better and practically out of danger as far as the attempt on her life was concerned. She will be examined as to her sanity today.

Deputy Sheriff Thorwaldson early yesterday morning telegraphed to Malachuk Norton, 3021 22nd Street, San Francisco, regarding his daughter's condition, and he will arrive in Fresno today to look after the young woman's interest.

Miss Nolan was taken into custody early Saturday morning by Patrolman Hansen and Wickstrom in a local lodging house where it was reported that she was creating a disturbance. The woman gave the officers much trouble in taking her to jail. She was lodged in the woman's ward, but when she developed symptoms of insanity Saturday noon she was taken into the insane ward.

Miss Nolan placed the under garment about her neck and then twisted the ends together, making a hard knot. She came here from Coalinga. Dr. Jorgensen said last night that the woman's condition was due to excessive use of liquor.

YOUTH CONFESSES TO TAKING SHELLS

Frank Fichbach Arrested for Entering a Ranch House; Stole Shells

Because he broke into the home of Robert Weyatt on Fresno avenue, outside the city limits, while the family was away and stole several boxes of shot-gun shells, Frank Fichbach, aged 16, was placed under arrest yesterday by Deputy Sheriff Horace Thorwaldson and lodged in the juvenile ward at the county jail. Fichbach was charged with burglary. His case will be taken up with H. A. Sessions, county probation officer, today.

Returning to their home Weyatt and his family discovered that the place had been ransacked during their absence. A search resulted in the discovery that the boxes of shot-gun shells were missing and the affair was immediately taken up with the deputies at the sheriff's office. Thorwaldson conducted the investigation and after rounding up all the boys in the neighborhood who owned shot guns he was able to fasten the crime on the shoulders of Fichbach. The lad is said to have admitted the burglary and to have taken the shells to the spot where he had hid the shells. Young Fichbach here-to-fore bore a good reputation as to his honesty.

PEACEFUL DREAMS ARE DISTURBED BY SQUEAKY WINDMILL

Police Are Asked to Remedy Trouble; Officer May Use Oil Can

Many hard and difficult problems to solve have been put up to Police Desk Sergeant Frank Truax, but yesterday L. H. Loyer of 3039 Washington avenue got Truax's "goat" when he reported to police headquarters that a man on Washington avenue had a windmill that made so much noise at night that the residents in that district were unable to enjoy the blissful slumbers that they deserved.

Truax turned deaf after leaf of the city ordinance book, but was unable to find any law that would fit in the case, and it is likely that the "nut" will be put to Chief of Police Jones today. Truax claims that if a man wants to let his windmill run all night in his business and he can't find any law to stop the windmill from sending out its tuneless squeaks every time the arms of the windmill revolve.

The only solution that the police can find to the problem is that one of the brave officers be armed with an oil can today and started out to Washington avenue to oil the offending windmill.

Fitting Yourself

Some people select their glasses from an assorted stock. There was never a more injurious practice. Probably ninety persons out of a hundred have eyes that are not of equal strength. Stock lenses are always made up with both lenses alike, hence one eye does all the work.

Our entire time is devoted to this one thing, "fitting and adjusting glasses." Let us do your fitting. It costs less in the long run and you know that the lenses are CORRECT.

YOUTHFUL TOURIST TO BE SENT HOME

The police have received word that Alfred Eddard, the lad who was taken off the blind baggage of the "Ow" by Sergeant Coyle and Patrolman Bradley, early one morning last week, was a run away from Agua Caliente, Calif., and that his parents had been searching for him for the last six months. A Heinz, step-father of the lad, has been wired of the fact and he is expected in Fresno in a few days to take charge of his wayward step-son. The boy is being held in the parental school.

TO THE RUPTURED

Smaller the rupture, greater the danger of strangulation. Trusses, like everything else, have been improved upon. Smith Bros., the druggists, are specialists in fitting trusses. Fit guaranteed or money refunded. We have a special fitting room. We have success in fitting when others fail.

YOUNG MOTHERS

No young woman, in the joy of coming motherhood, should neglect to prepare her system for the physical ordeal she is to undergo. The health of both herself and the coming child depends largely upon the care she bestows upon herself during the waiting months. Mother's Friend prepares the expectant mother's system for the coming event, and its use makes her comfortable during all the term. The baby, too, is more apt to be perfect and strong where the mother has thus prepared herself. For nature's supreme function. No better advice could be given a young expectant mother than that she use Mother's Friend; it is a medicine that has proven its value in thousands of cases. Mother's Friend is sold at drug stores. Write for free book for expectant mothers.

FRESNO FAIR PLANS ARREST IS MADE RAPIDLY BEING COMPLETED

Harness Races Will Prove To Be Very Attractive Card This Year

Excellent Automobile and Machinery Exhibits Are Secured

The directors of the Fresno county fair are working hard to gather together the exhibits and attractions that will make the fair a success. It takes work and a lot of it to make a fair a success and the officials of the Fresno County Fair Association are determined to make this year a great one.

The races will be especially good. The winning of large purses has already been shown. From points as far east as the Mississippi river horses are being entered in the races to be held at the county fair. Numerous indeed are the entries and some of the fastest horses in the West will be seen at the local race track.

CIRCULAR LETTER SENT TO GROWERS

Asked To Assist Exchange In Getting Stock for the Million Dollar Co.

The California Raisin Exchange is sending out a circular letter to growers who have been named, asking them to assist in the work of securing stock for the Million Dollar Raisin Company. All others, are asked to join in, too, but the committee set a minimum of 100 only 100 letters were sent out. The letter reads:

You have been selected as one of the growers to cooperate with the undersigned in securing stock for the Million Dollar Raisin Company. We deem it an honor to be included in this movement for the protection of our homes, our farms and our dependents.

With this letter we are sending you the official prospectus of the company. Read this to the point, read it carefully, and let the force of its argument get into your blood. It calls for the performance of a patriotic duty.

We are growers, acting without remuneration, for the general good of the raisin and dried fruit industry, and we ask you to cooperate with us in what we believe to be our duty to the community and ourselves.

The tedious gathering of our crops and manipulation of the raisin and dried fruit industry through which we are threatened with a loss of nearly \$100,000 must be checked. In this crisis prompt concerted action by growers is imperative to avert disaster to our industry.

To show our good faith we have submitted for your quota of the company's stock, and ask you to do likewise. We present you with the company's prospectus, which is the most popular movement ever launched in this valley, and we believe that you will be proud to share the profits derived from its large volume of business—not guessed at but provided in advance.

We are sending you one of a hundred similar letters in the terms of all being similar upon its receipt we ask you to take advantage of this opportunity to sign up for your quota of the company's stock as many others, as possible, to do likewise, so that we may present with the incorporation as soon as 3,000 shares shall have been subscribed.

Remember also that you will not be called upon to pay any money until \$750,000 shall have been subscribed. When you have considered the value of the strength of the company, the value of the policy, the safeguards thrown around your investment and the resultant benefits to be derived therefrom, secure all the subscribers you can return the list to the California Raisin Exchange, Fresno, Cal. We are going to win, and you will share the honors.

RESPECTFULLY, J. P. BOLTON, T. B. MCNEILLY, C. A. FARBER, Sub-committee.

PAROLE BREAKER TO BE TAKEN AWAY

Deputy Sheriff Thorwaldson yesterday received word from H. E. Montgomery of the Los Angeles Jail that he would arrive in Fresno today to take charge of Howard Baker, a convict who had broken his parole. Baker was arrested several days ago by the police upon information of County Probation Officer H. A. Sessions. A pint bottle of whiskey was found in his pockets. He was placed on a burglary charge.

FIREMAN ON WAY TO WORK FINDS BLAZE

While on his way to the city hall to take up his post at midnight Saturday night Dave Stephens, an alarm operator discovered a great fire burning on the side of Dr. N. P. Stephens' extended building with a few palls of water and the department was not summoned. It is thought that had Stephens not discovered the fire when he did the blaze might have gained considerable headway and perhaps destroyed the house.

LAMOREUX PUTS UP CASH BONDS ON LIBEL CHARGE

Labor Editor Returns From Hanford; Wires Sheriff To Meet Train

Goes to San Francisco to Confer With State Labor Leaders

F. P. Lamoreux, editor of the Labor News, yesterday surrendered himself to the local authorities and furnished cash bonds of \$500 to answer to a charge of criminal libel which was lodged against him Saturday night by T. C. Seaward, district foreman and libel agent of the American Federation of Labor. Seaward swore to the complaint before Justice of the Peace Smith and the warrant was given to Sheriff McSwain. Lamoreux was called to Hanford yesterday morning at 10 o'clock. While waiting at Seaward to take the train Lamoreux sent a telegram by the sheriff's office with the news that he would arrive here at 10 o'clock. He asked the sheriff and his deputies to meet him at the depot. Deputy Sheriff Thorwaldson did not meet the train so Lamoreux walked to the local headquarters on Fresno street where he telephoned to Justice Smith. The labor editor was informed that a warrant had been issued. Lamoreux asked the amount of bail and Justice Smith fixed it at \$500. Going to the office of the justice in the noon, the editor wrote out a personal check for \$500 and gave it to the court. The warrant was not served by any of the deputies from the sheriff's office. At 1:40 in the afternoon, Lamoreux left for San Francisco where he will remain until Wednesday or Thursday in a conference with labor leaders of the state including officials of the state Federation of Labor and state Building Trades council.

Before his departure, Lamoreux gave out the following statement:

"I returned to Fresno at 10 o'clock this morning from Hanford but neither Sheriff McSwain or any of his deputies were at the train to greet me, regardless of the fact that I asked McSwain to meet me and a dangerous man. I expected to be arrested at the depot because I had read in the Republican that Seaward had sworn to a complaint charging me with criminal libel. I walked to labor headquarters and phoned to the sheriff's office but nobody responded with the warrant.

"Then I phoned Judge Smith and asked the amount of the bonds. He replied \$500 and told me to bring my friends to his office. I told him that money is our best friend and gave him my personal check for \$500, thereby paying on my own bonds. I am taking this 4:30 Southern Pacific train for San Francisco for the purpose of getting the 'wounds' on Seaward so as to not only substantiate every word I have said but to enable me to make more assertions and prove them. I wish to correct published statements regarding action taken by the Labor Council Friday night.

"According to the minutes of the meeting, Joe O'Day of the Cooks and Waiters' Union questioned my authority to hold the position of secretary and business agent of the council, notwithstanding my election to the office eight months ago. I received at the weekly meeting next Friday night. The motion was lost by almost unanimous vote.

"As for Seaward I am not afraid of him and have the documents in my possession to back up every statement. He says it is a personal fight between him and I and I will believe that. I am ready to make it hot for him."

HUNTER'S RIFLE IS TAKEN AWAY

For discharging a rifle within the city limits of Fresno, Willie Walker of 1000 O street, was arrested yesterday by Patrolman Sam Caldwell and cited to appear in police court this morning and answer to the misdemeanor charge. Walker informed the arresting officer that he would not appear in court so his gun was taken away from him to answer his appearance in court or forfeit the fine. The alleged offense was committed on the Alta Vista track. Numerous complaints have been made to the police about hunters firing guns on the track.

Let the Hoosier Kitchen Cabinet Save You Steps!

How many times each day do you walk around your kitchen? From your pantry to your sink, from your range to your kitchen table, and then to your cupboard? After you study the above picture you will not wonder that so many women will be anxious to join Wormser Furniture Co.'s Hoosier Cabinet Club. Think of the needless steps the Hoosier will save you.

Come Down and Enroll in the Club the First Thing This Morning

We have been allotted only 25 Cabinets for this club on account of the great demand for the Hoosier all over the United States.

Membership costs only \$5.00. Weekly dues are \$1.00. The Cabinet will be delivered immediately on payment of membership fee.

The advantage of this club plan is to give you the benefit of the great saving that comes from the enormous volume of Hoosier sales to the thousands who enroll their name at once JOIN NOW:

WORMSER FURNITURE CO. 1022-28 J STREET, FRESNO

Have Some "Time Off"

"A man's work is from sun to sun, a woman's work is never done." An old saying that, but certainly not a truism—at least not with the woman who works intelligently and who has modern conveniences at hand.

And the modern convenience that assists as much as any other in helping the busy housewife to have some "time off" during the day is to cook with gas. Cooking with gas saves time and work. With gas in the house there's no tedious, time-consuming "getting ready" for a meal, no exasperating, troublesome cleaning-up after it. It helps shorten women's working hours by doing all that's demanded in the shortest possible time.

Cooking with gas is quick, clean, satisfactory. And thrifty women are unanimous in declaring it to be economical.

Why not have "Pacific Service" in your home. Don't consider its cost—that will take care of itself to your satisfaction. Consider the comfort derived from its use—its great convenience.

A phone call or postal will bring a representative to you with full information.

"Pacific Service" is "Perfect Service"

YOUNG MOTHERS

No young woman, in the joy of coming motherhood, should neglect to prepare her system for the physical ordeal she is to undergo. The health of both herself and the coming child depends largely upon the care she bestows upon herself during the waiting months. Mother's Friend prepares the expectant mother's system for the coming event, and its use makes her comfortable during all the term. The baby, too, is more apt to be perfect and strong where the mother has thus prepared herself. For nature's supreme function. No better advice could be given a young expectant mother than that she use Mother's Friend; it is a medicine that has proven its value in thousands of cases. Mother's Friend is sold at drug stores. Write for free book for expectant mothers.

FRESNO FAIR PLANS ARREST IS MADE RAPIDLY BEING COMPLETED

Harness Races Will Prove To Be Very Attractive Card This Year

Excellent Automobile and Machinery Exhibits Are Secured

The directors of the Fresno county fair are working hard to gather together the exhibits and attractions that will make the fair a success. It takes work and a lot of it to make a fair a success and the officials of the Fresno County Fair Association are determined to make this year a great one.

The races will be especially good. The winning of large purses has already been shown. From points as far east as the Mississippi river horses are being entered in the races to be held at the county fair. Numerous indeed are the entries and some of the fastest horses in the West will be seen at the local race track.

CIRCULAR LETTER SENT TO GROWERS

Asked To Assist Exchange In Getting Stock for the Million Dollar Co.

The California Raisin Exchange is sending out a circular letter to growers who have been named, asking them to assist in the work of securing stock for the Million Dollar Raisin Company. All others, are asked to join in, too, but the committee set a minimum of 100 only 100 letters were sent out. The letter reads:

You have been selected as one of the growers to cooperate with the undersigned in securing stock for the Million Dollar Raisin Company. We deem it an honor to be included in this movement for the protection of our homes, our farms and our dependents.

With this letter we are sending you the official prospectus of the company. Read this to the point, read it carefully, and let the force of its argument get into your blood. It calls for the performance of a patriotic duty.

We are growers, acting without remuneration, for the general good of the raisin and dried fruit industry, and we ask you to cooperate with us in what we believe to be our duty to the community and ourselves.

The tedious gathering of our crops and manipulation of the raisin and dried fruit industry through which we are threatened with a loss of nearly \$100,000 must be checked. In this crisis prompt concerted action by growers is imperative to avert disaster to our industry.

To show our good faith we have submitted for your quota of the company's stock, and ask you to do likewise. We present you with the company's prospectus, which is the most popular movement ever launched in this valley, and we believe that you will be proud to share the profits derived from its large volume of business—not guessed at but provided in advance.

We are sending you one of a hundred similar letters in the terms of all being similar upon its receipt we ask you to take advantage of this opportunity to sign up for your quota of the company's stock as many others, as possible, to do likewise, so that we may present with the incorporation as soon as 3,000 shares shall have been subscribed.

Remember also that you will not be called upon to pay any money until \$750,000 shall have been subscribed. When you have considered the value of the strength of the company, the value of the policy, the safeguards thrown around your investment and the resultant benefits to be derived therefrom, secure all the subscribers you can return the list to the California Raisin Exchange, Fresno, Cal. We are going to win, and you will share the honors.

RESPECTFULLY, J. P. BOLTON, T. B. MCNEILLY, C. A. FARBER, Sub-committee.

PAROLE BREAKER TO BE TAKEN AWAY

Deputy Sheriff Thorwaldson yesterday received word from H. E. Montgomery of the Los Angeles Jail that he would arrive in Fresno today to take charge of Howard Baker, a convict who had broken his parole. Baker was arrested several days ago by the police upon information of County Probation Officer H. A. Sessions. A pint bottle of whiskey was found in his pockets. He was placed on a burglary charge.

FIREMAN ON WAY TO WORK FINDS BLAZE

While on his way to the city hall to take up his post at midnight Saturday night Dave Stephens, an alarm operator discovered a great fire burning on the side of Dr. N. P. Stephens' extended building with a few palls of water and the department was not summoned. It is thought that had Stephens not discovered the fire when he did the blaze might have gained considerable headway and perhaps destroyed the house.

Let the Hoosier Kitchen Cabinet Save You Steps!

Come Down and Enroll in the Club the First Thing This Morning

We have been allotted only 25 Cabinets for this club on account of the great demand for the Hoosier all over the United States.

Membership costs only \$5.00. Weekly dues are \$1.00. The Cabinet will be delivered immediately on payment of membership fee.

The advantage of this club plan is to give you the benefit of the great saving that comes from the enormous volume of Hoosier sales to the thousands who enroll their name at once JOIN NOW:

INSANE GIRL TRIES TO STRANGLE HERSELF IN JAIL

Tessie Nolan Twists Under Garment About Throat; Found in Time

Was Arrested for Creating Disturbance; Came Here From Coalinga

Removing an under vest from her body, Tessie Nolan, held in the county jail on a charge of disorderly conduct and who developed symptoms of insanity Saturday noon, late Saturday night attempted to end her life by strangulation by twisting the under garment around her throat. The sounds made by the unfortunate woman as she choked herself reached the ears of Mrs. Lizulu Melhron, matron at the jail, and it was only by the quick work of the matron that the young woman's life was saved. She reached through the bars and seized Miss Nolan and loosened the garment and at the same time shouted for Night Jailor Dumas.

When Dumas arrived he rushed into the cell and took the garment from about the woman's neck. When he reached her side she was already turning dark in the face, and it is thought that in a few minutes she would have succeeded in her attempt on her life had she not been discovered by the matron. Dr. Nolls Jorgensen of the county hospital was summoned and he restored the woman to consciousness.

Last night it was reported by Dr. Jorgensen that Miss Nolan was much better and practically out of danger as far as the attempt on her life was concerned. She will be examined as to her sanity today.

Deputy Sheriff Thorwaldson early yesterday morning telegraphed to Malachuk Norton, 3021 22nd Street, San Francisco, regarding his daughter's condition, and he will arrive in Fresno today to look after the young woman's interest.

Miss Nolan was taken into custody early Saturday morning by Patrolman Hansen and Wickstrom in a local lodging house where it was reported that she was creating a disturbance. The woman gave the officers much trouble in taking her to jail. She was lodged in the woman's ward, but when she developed symptoms of insanity Saturday noon she was taken into the insane ward.

Miss Nolan placed the under garment about her neck and then twisted the ends together, making a hard knot. She came here from Coalinga. Dr. Jorgensen said last night that the woman's condition was due to excessive use of liquor.

PEACEFUL DREAMS ARE DISTURBED BY SQUEAKY WINDMILL

Police Are Asked to Remedy Trouble; Officer May Use Oil Can

Many hard and difficult problems to solve have been put up to Police Desk Sergeant Frank Truax, but yesterday L. H. Loyer of 3039 Washington avenue got Truax's "goat" when he reported to police headquarters that a man on Washington avenue had a windmill that made so much noise at night that the residents in that district were unable to enjoy the blissful slumbers that they deserved.

Truax turned deaf after leaf of the city ordinance book, but was unable to find any law that would fit in the case, and it is likely that the "nut" will be put to Chief of Police Jones today. Truax claims that if a man wants to let his windmill run all night in his business and he can't find any law to stop the windmill from sending out its tuneless squeaks every time the arms of the windmill revolve.

The only solution that the police can find to the problem is that one of the brave officers be armed with an oil can today and started out to Washington avenue to oil the offending windmill.

Fitting Yourself

Some people select their glasses from an assorted stock. There was never a more injurious practice. Probably ninety persons out of a hundred have eyes that are not of equal strength. Stock lenses are always made up with both lenses alike, hence one eye does all the work.

Our entire time is devoted to this one thing, "fitting and adjusting glasses." Let us do your fitting. It costs less in the long run and you know that the lenses are CORRECT.

J. M. Crawford & Co. OPTOMETRISTS MANUFACTURING OPTICIANS 1123 J STREET

YOUTHFUL TOURIST TO BE SENT HOME

The police have received word that Alfred Eddard, the lad who was taken off the blind baggage of the "Ow" by Sergeant Coyle and Patrolman Bradley, early one morning last week, was a run away from Agua Caliente, Calif., and that his parents had been searching for him for the last six months. A Heinz, step-father of the lad, has been wired of the fact and he is expected in Fresno in a few days to take charge of his wayward step-son. The boy is being held in the parental school.

TO THE RUPTURED

Smaller the rupture, greater the danger of strangulation. Trusses, like everything else, have been improved upon. Smith Bros., the druggists, are specialists in fitting trusses. Fit guaranteed or money refunded. We have a special fitting room. We have success in fitting when others fail.
